Objective:

I am a US Army veteran with excellent work ethic, communication and organizational skills. I am seeking an entry level web development/design position to start a new career in the tech industry. My goal is to contribute growth to a leading company, continuously improve my skills and knowledge, and make myself an asset in order to provide financial security for my family - while enjoying a rewarding career with healthy work/life balance.

Education:

- **Eleven Fifty Academy, Web Development Immersive Learning Program – Remote – July-October 2021**
  - 12-week immersive learning program for Web Development taught with industry-guided curriculum, real-world project-based learning, and 500+ hours of logged coding time and training
- **North Central Texas College, Cisco CCNA Prep Course - Denton, TX – September-December 2020**
  - Completed the first half of the CCNA prep course, which taught networking and virtualization basics in Windows and Linux work environments. Unable to enroll in 2nd half of course due to financial issues.

Competencies & Functional Skills:

Problem solving, troubleshooting, creativity, visual communication, customer service, critical observation and thinking, organization, Agile methodology, portfolio development, addressing and resolving business challenges.

Technical Skills:

Languages/Libraries:	JavaScript, React, TypeScript, NodeJs, Express, JWT, Bcrypt
Cloud Technologies:	Heroku, Firebase, GitHub
CI/CD:	Agile, Scrum, Git
Databases/ORM:	PostgreSQL, Sequelize
Web Technologies:	HTML, CSS, APIs, Responsive Web Design
Styling Libraries:	Bootstrap, Material UI

Technical Projects:

- **Clan Organizer – EFA Red Badge Final Project**
  - Utilized HTML 5, CSS 3, Material UI, React, TypeScript, and a self developed API using Express to design & build a unique project that aims to allow gamers to organize their clan activities. Ongoing self development project.
- **Portfolio – EFA Portfolio Project**
  - Utilized HTML 5, CSS 3, Bootstrap 4, and React to design and build a portfolio page to display projects that we worked on throughout the web development bootcamp course. Ongoing self development project.

Professional Experience:

Plant Operator I – City of Denton Water Utilities – Denton, TX 76209 – July 2019 to August 2020
- Obtained TCEQ D license for water plant operations after successfully passing the proctored exam.
- Assisted senior operators with maintenance and operations of water treatment plant used for providing clean water to local municipalities.

Military and contractor experience – US Army, Texas National Guard, Cubic Corp, Tatitlek Corp – Jan 2001-April 2014
- Earned military occupational specialty in 14E, PATRIOT system operator/maintainer, through 6 months of intense and highly technical coursework and practical examinations.
- Multiple deployments to areas such as Republic of Korea, Kuwait, and Iraq.
- Worked as a contractor on Fort Bliss to assist with maintenance, operations, and training on convoy live fire ranges used by military organizations preparing to deploy to Iraq and Afghanistan.

Achievements & Awards:

- Numerous military awards (official record available upon request)
